

## CERTIFICATIONS

### City of Austin:

**MBE:** Minority Business Enterprise

**DBE:** Disadvantaged Business Enterprise

### State of Texas:

**P.E.:** Registered Professional Engineering Firm

**HUB:** Historically Underutilized Business

### Texas Unified Certification Program

**DBE:** Disadvantaged Business Enterprise

Concurrent Certifications with:

- **City of Houston**
- **Corpus Christi Regional Transportation Authority**
- **North Central Texas Regional Certification Agency**
- **South Central Texas Regional Certification Agency**
- **Texas Dept. of Transportation**
- **Also Pre-Certified in 9 Additional TxDOT Areas:**

Nationwide Permit, Coast Guard & US Army Corp of Engineering Permits, Water Pollution Abatement Plan, Hazardous Materials Initial Site Assessments, Hydrologic Studies, Basis Hydraulic Design, Complex Hydraulic Design, Pump Station Hydraulics, Bridge Scour Evaluations & Analysis.

## The Management Team

### **L. Stephen Stecher, P.E., President, Principal**

M.S. in Civil Engineering, U.T. Austin  
25 Yrs Experience, Special Expertise in Storm  
Water Management and Modeling

### **Rose Marie Klee, P.E.**

Water Resources Engineer/Project Manager

### **John Middleton, E.I.T.**

Water Resources Engineer

### **Danna Stecher**

Planner/Administration

### **John Clement, PhD, CFM**

Hydrologist/GIS Analyst

### **Jennifer Lueckemeyer**

Environmental Scientist/GIS Specialist

### **Carissa Belsky**

Water Resources Specialist

### **Other Principals**

### **Bob Brandes, PhD, P.E.**

Principal Engineer

### **Bob Kier, PhD, P.G.**

Principal Geologist

## About Our Company

**Crespo Consulting Services, Inc.** is a civil engineering firm headquartered in Austin, Texas *SPECIALIZING in Storm Water Management, Hydrology, Hydraulics, Wastewater Modeling & Erosion Control* and staffed with professional Engineers, Hydrologists, Planners & GIS Specialists that have performed and directed numerous projects throughout the State of Texas.

### Core Business

**Hydrologic Studies:** Rainfall-Runoff Studies, Hydrologic Modeling, Detention Pond and Reservoir Design, Water Availability Modeling, Water Supply Studies, Rainwater Harvesting.

**Hydraulic Analyses:** Storm Water, Bridge, Culvert and Dam Spillway Design, Floodplain Studies, CLOMR & LOMR FEMA Permit Applications, Hydraulic Modeling.

**Erosion Control:** Stream Bank Stabilization & Restoration, Bio-Engineering, Geomorphic Analyses, Scour Analyses, Natural Channel Design.

**Water Quality:** Edwards Aquifer Protection Plans (Water Pollution Prevention & Contributing Zone Plans), Storm Water Pollution Prevention Plans, Pollutant Loading Analyses, Water Quality Modeling, Low-Impact Development Designs, Watershed Assessments, Best Management Practices Designs, Water Quality Retrofit Studies, Filed Sampling & Analyses, Water Supply Source Evaluations, Remediation Studies.

**Wastewater System Modeling:** InfoWorks™ Modeling, Sanitary Sewer Evaluation Studies, Sewer Hydraulic Design, Infiltration & Inflow Studies.

**Modeling & Cartography:** Hydrologic Modeling, Hydraulic Modeling, Water Quality Simulation, Water Rights Simulation, Wastewater Modeling, Storm Sewer Modeling, Custom-built FORTRAN, Visual Basic & Excel Models, Project-specific in-house model development, Land Use & Spatial Analysis, Drafting and Design.
